

An Important Announcement!!

All BLHS students will be using their My Kids Spending (MKS) account cashless system to fund all purchases and fees throughout the year. This will include food in BL Bistro, club t-shirts, tickets, field trips, club/athletic fees and other various items. NO direct cash payment will be accepted for purchases. Below are the funding options to keep your students account positive.

In order to be able to make purchases, students MUST have enough money in their MKS account. Students with insufficient funds will NOT be able to make purchases. Please login to your My Kids Spending account to ensure you have a positive balance and sufficient funds for purchases.

If you have not set up an account for “My Kids Spending” please do so and enroll in auto-funding for your child’s student spending account to avoid negative balances. Please see the link to register:

<https://www.mykidsspending.com/>

Funding Options for the My Kids Spending (MKS) Account:

1. Auto Draft through MKS (Highly recommended) – Auto draft can be set up on the account to automatically fund the account when it reaches a minimum balance. This can be done via credit/debit card or electronic check.

NOTE: MKS charges a 4% fee to use a credit/debit card to fund the account and 1% + \$0.75 for electronic check.

2. Direct Funding - Direct funding can be done by sending in cash/checks or money orders directly to Rebecca Phiffer in the Business Office for the amount that was or will be assessed. They may also be dropped off at the receptionist desk with Marisol Rodriguez.

NOTE: This option is free of processing charges but does take at least 24-48 hours for processing. Checks should be made payable to BLHS and the students name needs to be on the check in the memo field.

***Any negative balance in their MKS account may have an impact on their rights on campus. Please ensure the account balance is positive at all times.

NOTE: The campus store will not be included in the cashless system.
